PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in Python, SQL, and web development. Skilled in building database-driven applications and collaborative projects. Currently learning Salesforce development, including CRM systems and automation tools, with a strong interest in developing scalable business solutions.

EDUCATION

B.Tech – Computer Science **2024 – 2028**
JK Lakshmipat University, Jaipur

TECHNICAL SKILLS

Programming:	Python (Basic), C (Intermediate)
Databases & Querying:	SQL / MySQL (Basic)
Core Concepts:	Data Structures & Algorithms (Intermediate), Probability & Statistics (Basic), Machine Learning Fundamentals (Beginner), CRM Concepts, OmniStudio, Flows (Learning), Salesforce Platform (Learning)
Python Libraries:	NumPy, Pandas, Matplotlib (Basic)
Web Basics:	HTML, CSS, JavaScript (Basic)
Tools & Environments:	VS Code, Git & GitHub (Basic), Oracle VirtualBox (Basic), Ubuntu (Linux Environment)

ACADEMIC PROJECTS

Reward-Based Vending Machine (with team)
- Designed and implemented a relational database system using MySQL to manage inventory, user data, and rewards.
- Applied database normalization and structured query techniques to ensure system reliability.

EV Charging Support Website (with team)
- Developed a user-centric web platform providing information and support for EV charging services with a clean structure.
- Gained hands-on experience in web development, project workflows, and collaborative teamwork.

CERTIFICATIONS & ACHIEVEMENTS

- **Database Management System – Part 1** (2025)
- **Participant** – Prometeo 26, IIT Jodhpur (Technical Event, 2026)
- **Co-ordinator** – HackJKLU Tech Fest (2026)
- **Participant** – Pre Hackathon 2026, JK Lakshmipat University
